- Stainless steel construction, powder-coated white
- Spring-loaded holder for toilet paper ease of release or install
- Front mount with security screws, flanged edge for uniform mounting • Design improves sanitary conditions by reducing the amount of handling of the roll

Ligature Resistant Shower Panel SV710

- Valve is accessible from the front for maintenance
- Overall product dimensions allow for ADA compliance
- Includes our ligature resistant shower head and shower valve
 - Composed of stainless steel, powder-coated white
 - Front panel includes flanged edge to provide flush mountin • Recessed soap dish

Approved in the OMH NYS Guideline.

Ligature Resistant Shower Head SH330

- 60 spray channels • flow rate 2.5 GPM
 - Optional anchor plate assembly
 - 1/2" NPTF back inlet
 - Variable flow control
 - Polished chrome finish

Ligature Resistant Shower Valve SV230

Approved in the OMH NYS Guideline.

- ADA compliant, easy grip, ligature resistant handle
- Anti-friction ring maintains tight fit with smooth handle operation
- Redundant sealing to prevent moisture migration
 - Trim with variable rough-in
 - Polished chrome finish.
- Piston type pressure balancing cartridge assembly with check valves
- Adjustable temperature limit stop

Ligature Resistant Solid Surface Sink ET720

- ADA compliant
- Radius front edge
- Sloped wings deter ligature
- Ligature resistant drain
- Robust heavy duty mounting system
- Solid surface will not break like standard china
- Accepts all standard faucets as well as our patented BSP faucets
- Ligature resistant/Abuse resistant companion trap cover

Ligature Resistant Sensor Faucet SF370

- ADA compliant.
- Available in either battery or AC power
- Programmed vandal protection maximum run time of 60 seconds
- Fits both 4" and 8" center set with our conversion kit assembly
- Includes an under counter mechanical mixer
- Polished chrome finish

Approved in the OMH NYS Guideline.

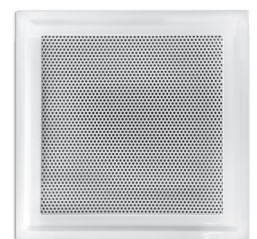

Ligature Resistant Soap Dispenser SD750

- Activation allows for easy one hand operation
- Metal construction powder-coated white
- Soap dispenser mounts directly to the wall
- Keyed locking device for security and quick soap replacement
- Uses standard Gojo soap cartridges (anti-bacteria, body wash, etc.)

Ligature Resistant Exhaust/Supply Grille EG450

- Composed of 11 gauge (1/8" thick) aluminum material to withstand elevated abuse
- Perforated holes on staggered centers greatly reduces ligature risk
- Surface mounted with no interior flanges allowing easy install over existing grilles
- White powder coat exterior
- Custom sizes available

Approved in the OMH NYS Guideline.

Ligature Resistant Stainless Steel Framed Mirror FM160

FM160

- 0% blurring
- Available in four colors
- Mirror is Type 304 finish, polished to an architectural #8 finish
- Profile of frame is ligature resistant
- Multiple concealed, vandal-resistant fasteners
- Backed with .375" MDF for durability

Approved in the OMH NYS Guideline.

5-Point Ligature Resistant Door Latch Set DH415

- Ligature Resistant in 5 directions (up/down/left/right/forward)
- ADA Compliant
- Constructed with Stainless Steel
- 10 Year Manufacturer's Limited Warranty

Approved in the OMH NYS Guideline.

Continuous Stainless Steel Hinge with Ligature Resistant Hospital Tip DH460

- Heavy-duty 14 gauge 304 Stainless Steel
- Supplied with Pin Torx Tamper Resistant Screws
- 600 lbs. door weight maximum
- Ligature Resistant Hospital Tip with Radius Edge

Approved in the OMH NYS Guideline.

Suicide Resistant Polymer Night Stand BF915

- Base is composed of high impact polyethylene
- Top is a decorative, high-pressure wood laminate
- Radius corners for additional safety
- Stain resistant and easy to clean
- Can be bolted to floor with hardware of choice

Suicide Resistant Wood Night Stand BF960

- Dura-Ply™ Construction
- Rounded Edges and SafeJoint™ concealed joinery
- Wear resistant catalyzed sealer and varnish coats
- Available in Cherry and Oak stains
- Ships assembled with 5-year warranty

Behavioral Safety Products designs, develops, and manufactures ligature resistant products that are technically sound and aesthetically pleasing. We not only supply, but provide engineering input, product support, and field experience to assist behavioral health facilities, emphasizing ethics and professionalism and furnishing sound technical advice reflecting over 41 years of field experience. Our goal is to provide rapid access to critical products as facilities face steady increases in patient acuity and greater difficulty in patient monitoring, relying on guidelines and input from The Joint Commission.

Ligature Resistant Art Frame AF550

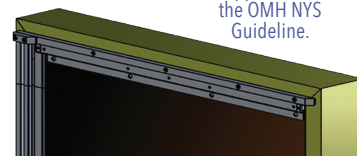

- Profile of frame is ligature resistant
- Available in three sizes and four colors
- 60+ high resolution images to choose from
- 1/8" thick Polycarbonate covering
- Includes matting
- Concealed fasteners that are spaced to prevent tampering
