TAMPER-RESISTANT
WINDOW SHADES
WITH WEBBLOK™ TECHNOLOGY

*Durable, Cordless Window Shades
specifically designed for Behavioral
Health applications.*

INTRODUCING WEBBLOK™ DURABLE WINDOW SHADES

Proven behavioral health solution for over 35 years.

Specifically designed for behavioral health facilities*, our durable shade system featuring WebbLok™ technology is one of the toughest cordless window shades on the market. With a proven track record in behavioral health, this shade system features a virtually impenetrable security box fascia that allows for safe patient operation. Keep patients from harm and maintain peace of mind with WebbLok™ Window Shades.

Product Advantages

- Exclusive security box and back plate cover to prevent tampering of shade mechanicals
- Allows patient to safely control light with fingertip operation
- Easy to clean and maintain without removing the shade
- Completely secured spring roller system
- Extremely durable for behavioral health areas
- Cordless for added safety

**While these products are designed for behavioral health applications, they do not guarantee patient safety.*

CUSTOM PRINTING SOLUTIONS

WebbLok™ Printed Shades enhance patients' emotional well-being.

Create a soothing atmosphere for patients and minimize the risk of tampering with custom printed window shades featuring WebbLok™ technology. Adding artwork to shades has been proven to reduce destruction in mental health areas where artwork isn't typically allowed. Custom imagery on window shades eliminates unsightly parking lot or rooftop views and promotes a healing environment for patients, visitors and staff.

Common Applications

Decorative Wall Art

Logos & Branding

Calming Landscapes

Storytelling & Timelines

Acceptable File Types

While JPEG or PDF files are acceptable, they must be "press quality" meaning images should be full scale and at least 360 DPI. Native application files including all image links and fonts are always preferred. Adobe Illustrator, Adobe Photoshop, Portable Document Format or Raster File Types are the acceptable file types.

You must have the legal right to use any image you would like to get printed. Inpro respects the intellectual property rights of others and reserves the right to request verification of any image that is submitted for print.
