

SUICIDE RESISTANT FORTE ARMLESS CHAIR

#BF940

Overview

Designer guest chair for comfort, flexibility and durability. Ergonomic contours provide comfortable support with or without optional upholstered from cushioning. Smooth, continuous surfaces for easy cleaning and rounded edges for safety. Ganging and ballasting capability assures chairs can be refigured as future needs require. Engineered and proven suitable for daily use in demanding environments. Patents pending.

Fabrication

One-piece rotationally molded polyethylene with lightly textured maintenance-free surface which allows for easy cleaning. Non-removable steel excased nylon guides for floor protection. Molded-in steel threaded inserts for optional ganging side-to-side and molded in access port with threaded screw cap for sand ballast weighting capability. Made in the U.S.A..

Material

Rotationally molded, specially formulated, fire-retardant, high-impact polyethylene with ultraviolet stabilizers to reduce fading. Chemically resistant to blood, vinegar, urine, feces, salt solution or chlorine solution. Premium material is fully compounded for superior color, fire retardancy and quality assurance.

Compliant With The Following Flammability Test Standards

- State of California, Technical Bulletin No. 133, Flammability Test Procedure for Seating Furniture for Use in Public Occupancies
- UL1056 Fire Test of Upholstered Furniture
- NFPA 261 Cigarette Ignition Resistance of Upholstered Furniture
- ASTM E1537 Test Method for Fire Testing of Real Scale Upholstered Furniture Items
- UL94 HB Test for Flammability of Plastic Materials
- British BS 7176: 2007, High Hazard Occupancy (BS EN 1012-1: 2006, BS EN 1012-2: 2006, BS 5852: 2006)

Performance Test Standards

- Test to 750 lbs. static load.
- Product dynamic drop tested to a relative impact force of two times, BIFMA 5.4 15.4.2 (500 lbs. from 18”)

Color

Mojave, Wild Berry, River Rock, Pine Cone, Meadow, Graphite, Canyon, Sea Spray, Lagoon

Weight

22 lbs.

Options

Optional upholstered plywood shell comes factory installed and can be easily removed for cleaning or replacement. Molded plywood shell is clear-coat finished to protect against fluid absorption. Cushioned comfort provided by polyurethane foam on back and seat. Fabric and vinyl options are available in colors that match the polyethylene chair colors.

Assembly

None required.

Installation

Required for ganging plates and ballast.

Warranty

5-year limited replacement warranty. To maintain product integrity, products placed in storage prior to installation should be held in a climate- controlled area similar to the room where the product will be used. Behavioral Safety Products also recommends that any Attenda products shipped via ocean container maintain a temperature of 70-75°F with a relative humidity of 35°F.

Maintenance

Recommend using Norix Cleaning Solutions, specifically formulated for extended care of Norix products. Norix Cleaning Solutions’ Wood Cleaner and Polish. Seats: Clean, restore and protect with Norix’s 1-2-3 Care System for molded furniture. Optional upholstery: Norix Cleaning Solutions’ Fabric Cleaner.

Environmental Test Standards

- GREENGUARD and GREENGUARD Gold Certified by UL Environment. Product certified for low chemical emissions to UL 2818. UL.COM/GG™.
- Plastic is recyclable #7
